These hinged lid foam containers are made out of an extra strong material that maintains the temperature of hot or cold items longer and accommodates heavier foods. Each container is laminated inside and out, preventing the transfer of substances between the inside and the outside of the container, keeping foods fresh. Double-slot closure helps prevent accidental opening of the lid, preventing spills.

CUPS - PAPER HOT DRINK

Description:
VIORA 8OZ WHITE LID 1000/CS

The Viora Lid mimics the experience of drinking out of an open-topped cup. When you sip from a cup with the Viora Lid, liquid in the cup flows through the drink opening into a drink well recessed in the top of the lid. Liquid fills the drink well quickly and evenly to create a predictable drinking surface. When you sip from a cup with a Viora Lid, the liquid arrives where and when you expect it—just like when you tip an open cup.
